Good To Knows: Contribution Reporting

- Filters will *always* show for the past Year to Date within the Contribution Report by default.
- Columns can be edited to include additional information, like Contact data, Online Action Form name, and more.
- The Group-By function allows you to table data together by an indicated field, like VANID or Contact Name.

Let's try it out!

Adding Fields to Your Report

Additional fields can be included in your report through the use of the **Edit Columns** button at the far right of your report screen.

The screenshot displays a report interface with a table of contributions and an 'Edit Columns' modal. The table has columns for Contribution ID, VANID, Contact Name, Date Received, Amount, Source Code, and Designation. The 'Edit Columns' modal is open on the right, showing a search bar and a list of columns to be added, including 'Accounting Information' with sub-options like 'Account Last Four Digits', 'Account Type', 'Bank Account', 'Card Last Four Digits', 'Card Type', 'Check Date', 'Check Number', and 'Credit Card Expiration Date'. The modal also includes 'Restore Defaults' and 'Apply' buttons.

Exporting & Actions for Your Report

An additional major factor of importance from this screen are the **Export As** and **Report Actions** buttons.

While Exporting is straightforward, the Report Actions button gives options such as:

- **Saving As** to save all filters, output fields, and groupings in your report.
- **Scheduling** your report to send to users.
- **Sending all Contacts to *My List*** for mass edits or taking other action.
- **Bulk Edit**, which allows edits to all contributions returned.

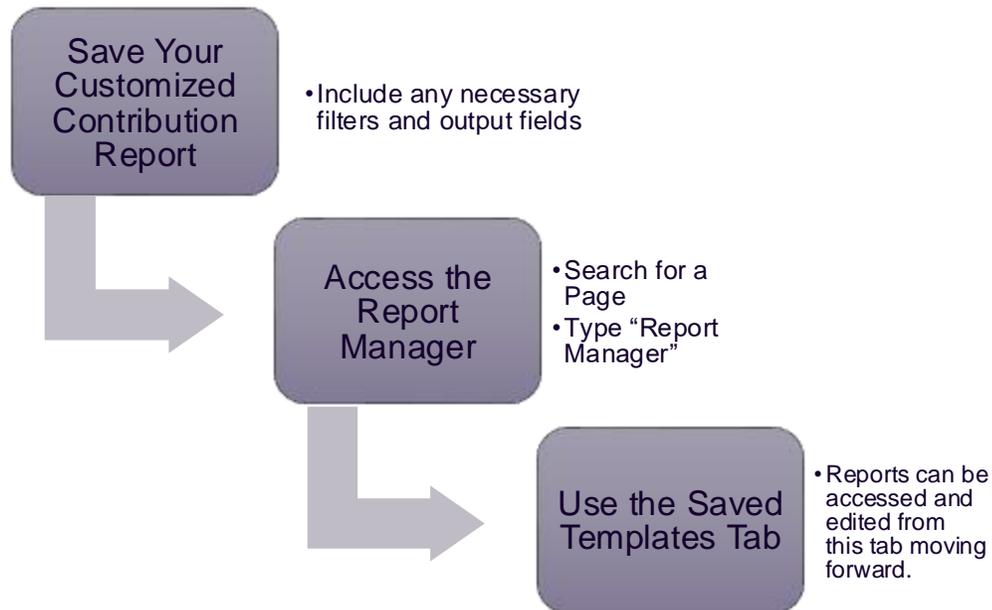

The screenshot displays the 'Contribution Report' interface. At the top, there are two dropdown menus: 'Export As...' and 'Report Actions...'. The 'Export As...' dropdown is open, showing options: 'Excel (.xls)', 'Text (.txt)', and 'Google Sheet'. The 'Report Actions...' dropdown is also open, showing options: 'Save As', 'Schedule', 'Send to My List', and 'Bulk Edit'. Below these menus, there are filter buttons: 'Contact Records: All Contacts', 'Date Received: 12/4/23 - 12/3/24', and 'Amount From: 0.01'. The 'Report Summary' table is visible below the filters.

First Date Received	Last Date Received	Number/Count	Count of Donors	Total Contribution Amount	Avg. Contribution Amount	Total Original Contribution Amount	Avg. Original Contribution Amount	Memoed Total	Non Memoed Total
12/5/23	11/30/24	1.15K	921	\$2.15M \$2,147,178.63	\$1.86K \$1,863.87	\$2.15M \$2,147,591.87	\$1.86K \$1,864.23	\$0 \$0.00	\$0 \$0.00

Accessing Saved Reports

Once reports are saved, it should be noted that these can *only* be retrieved from the **Report Manager** within EveryAction.

This will be an important thing to remember, as without your saved reports, you'd continually have to update your Contribution Reports manually.
